| • React Js | • Bootstrap |
| • Chakra UI | • JavaScript |
| • Responsive Design | • Linux |
| • Github | • HTML, CSS |

PROFESSIONAL EXPERIENCE

Knight Motion Media, Pune

Oct-2023 - Present

React Js Developer

- Created a **Responsive** website using media queries and column section system of **bootstrap**.
- Worked on optimizing the performance of website used library [lazyloading](#) and for the optimization of image rendering I have use images format like webp instead of jpg, PNG, jpeg and GIF.
- Initial projects built using React.js and Bootstrap; subsequent projects enhanced with Chakra UI for improved design consistency and user interaction.

PROJECTS PROJECTS & EXTRACURRICULAR

Foymatic

Oct – 2023 – Jan-2023

- Used **React.js** and **Bootstrap** to build this project.
- Contributed to enhancing the website's responsiveness to ensure optimal user experience across various devices.
- Implemented performance optimization strategies to enhance the website's speed and efficiency like using the image format like **WEBP**.

Video Production Webapp

Feb-2023 – Mar-2023

- Used **React.js** and **Chakra UI** to build this project.
- The application is designed to streamline the video production process.
- It allows users to input specific video requirements, including scripts, voiceovers, and other essential details, these inputs are utilized by our team of video editors to create a video that aligns with the user's specifications.
- Successfully integrated **APIs** and **JWT** to enhance the **functionality** and **security** of the application.
- Ensured the application is **responsive** and provides an optimal user experience across various devices
- This project showcased my ability to create efficient workflows and deliver tailored solutions to meet user needs.

Portfolio

Feb-2023 - Mar-2023

- Used **React.js** and **Chakra UI** to build this project.
- Used animation libraries like **framer motion**, **Email JS**
